

Andrew Tully, MD

Cardiac Xenotransplant Fellow

Univ. of Maryland School of Medicine

Regulated Progress: The University of Maryland Cardiac Xenotransplantation Experience

Andy Tully earned his BA at University of Chicago and his MD at Loyola University Chicago. He completed general surgery residency training at University of Illinois at Chicago while working on questions of trauma and burns at Cook County Hospital as well as limb transplant with the Wertheim Lab at Northwestern University. He completed a fellowship in surgical Structural Heart and Valve Therapy at Emory University before joining Dr. Muhammad Mohiuddin's and Dr. Bartley Griffith's Cardiac Xenotransplantation Team at the University of Maryland as an NIH T32 Fellow. Upon completion, he is pursuing a career in cardiac and pulmonary transplant.
